On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4088

Attention Senate Committee on Judiciary regarding HB 4088. I would like you to acknowledge that I OPPOSE this bill.

The words used in this bill conceal a hidden agenda within it, undermining oversight, accountability, and the rule of law within healthcare regulations.

This is just one more bill from the Democratic Administration that continues to destroy the State of Oregon.
