Committee: House Committee On Economic Development, Small Business, and Trade

Measure, Appointment or Topic: SB1548

I STRONGLY oppose the proposal of changing packaging standards for edibles in Oregon. Not only would it do massive damage to the Oregon cannabis market and cause many businesses to close, but it would also make it significantly more costly for people like myself who require more than a 10mg dose that you would be limiting packing to.

SB 1548 Will cause a tremendous negative impact for ALL Oregonians:

- Higher costs for consumers
- Fewer product options
- Increased dangers from unregulated sellers and products
- Oregon jobs at risk, with some manufacturers likely forced to close
- A precedent for more destabilizing mandates
- Increased risk to children by multiplying loose "unit-dose" pieces outside continuous child-resistant packaging after opening
