

Submitter: Scott Shurtleff

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: SB1586

I oppose SB 1586 for the reasons articulated by Willamette Riverkeeper, as well as many farmers in the Tualatin River watershed.

We should not be providing financial giveaways to corporate interests during this time of large revenue shortfalls in Oregon. The proposed incentives go far beyond "semiconductor research" to include resource-intensive (which is a major understatement) data centers. SB 1586 will not only give away tax revenue, it will give away water, electricity generation, and farmland resources as well.

Please vote NO on SB 1586.
