Measure, Appointment or Topic: SB1590

I respectfully strongly oppose SB 1590 which is not common sense for Oregon state and private citizen to prohibit from assisting the federal government with privatization of certain federally owned lands. Federal government owns approximately 53% of the land in Oregon. When including land held by state and local government entities—which account for an additional to 7% the total percentage of Oregon land under some form of government ownership is roughly 60%. There should be cooperation between state and federal that benefits ALL Oregon citizens. Again, I respectfully strongly oppose SB 1590.
