Committee: Senate Committee On Education

Measure, Appointment or Topic: HB4079

I encourage the Legislature to pass HB 4079A. Elementary and secondary schools, as well as institutions of higher education, must be prepared if and when federal agents show up on campus. Educators, administrators, staff, community members — and most of all, young students and their families — deserve to feel safe. This requires careful, considered planning; clear policies and procedures; and communication. HB 4079A promotes these objectives. Please support it. Thank you.
