

Submitter: Aprille Stephens

On Behalf Of:

Committee: House Committee On Economic Development, Small Business, and Trade

Measure, Appointment or Topic: SB1548

SB 1548 Will cause a tremendous negative impact for ALL Oregonians:

-Higher costs for consumers

-Fewer product options

-Increased dangers from unregulated sellers and products

-Oregon jobs at risk, with some manufacturers likely forced to close

-A precedent for more destabilizing mandates

-Increased risk to children by multiplying loose “unit-dose” pieces outside continuous child-resistant packaging after opening

Legislators, regulators, the cannabis industry, and consumers all share a common goal: to keep adult-use products out of the hands of children. The challenge lies in determining the most effective way to achieve this objective, while simultaneously supporting, rather than harming, our unique cannabis market.
