

Submitter: Kate Fuller

On Behalf Of:

Committee: House Committee On Economic Development, Small
Business, and Trade

Measure, Appointment or Topic: SB1548

I am 75 years old with non alcoholic cirrhosis. My liver cannot process over the counter meds. I also have arthritis and fibromyalgia. I use cannabis as medicine with the FULL SUPPORT of all my doctors. If you limit cannabis to just 10 mg means I will be in pain and cannot sleep. WHY do you want Oregonians to suffer?
