Committee: Senate Committee On Education

Measure, Appointment or Topic: HB4079

Attention Senate Committee on Education regarding HD 4079. I support HB 4079A

Elementary and secondary schools, as well as institutions of higher education, must be prepared if and when federal agents show up on campus. Educators, administrators, staff, community members, and most of all, young students and their families deserve to feel safe. This requires careful, considered planning; clear policies and procedures; and communication. HB 4079A promotes these objectives, even though ICE, does not conduct enforcement actions at schools without approval to do so.
