

Submitter: Sarah Davies  
On Behalf Of:  
Committee: Senate Committee On Education  
Measure, Appointment or Topic: HB4079

I am in support of safeguarding the students and families of Oregon. Children should be able to attend school without the fear that armed ICE agents will enter their school grounds. Children cannot learn in an atmosphere of fear. We must require Oregon schools to notify parents, students, and faculty if ICE is present on school grounds. Children should come first, no exceptions. Thank you for your time.
