Measure, Appointment or Topic: HB4114

Dear Senate Committee on Judiciary,

I strongly oppose this bill. This bill is about protecting illegals who have already broken the law by entering this country without following the proper protocol. I have spoken with many immigrants who went through the legal process to come here. They are strongly against this type of legislation. Your inability to manage our tax dollars are causing people and businesses to leave this state. I encourage all of you to change your focus to the legal citizens of this state, fix the budget and stop pushing legislation that chases industry out. You were put in office to represent the legal people of this state. You aren't doing that when you pass bills that protect those who are illegal.

Vote NO on HB 4114
