

Submitter: Becky Legrande
On Behalf Of: Myself
Committee: House Committee On Education
Measure, Appointment or Topic: SB1538

We do our communities no favor by making schools unsafe harbors. All children deserve an education. If we allow lawless, random searches of our schools these children will not attend and not receive the education that will allow them to become productive, caring members of our society. Our immigration system is broken. We need to fix it going forward and not punish those who are here now and already members of our community.
