

Submitter: Gary Fowles  
On Behalf Of: self  
Committee: Senate Committee On Housing and Development  
Measure, Appointment or Topic: HB4035

Oregon has a well established system of land use controls and this legislation would potentially open high value resource lands to development. Most existing urban growth boundaries contain adequate infill opportunities to satisfy any demand. This legislation is nothing more than an attempt by developers to subvert a land use process that has served Oregon well. Please reject this legislation
