Measure, Appointment or SB1548
Topic:

As a 10 year Oregon cannabis industry manager I strongly oppose SB1548, this would increase costs throughout the industry and for consumers which will lead to less sales and less sales tax for the state. As a father I think we should always strive to do what is reasonable to protect our children but considering you can purchase an unlimited amount of gallons of vodka with no child proof top - I think there is lower hanging fruit/better uses of time to protect children. I saw the fiscal impact got updated to "minimal" but it I think it will make more of an impact than people think

Thank you for your consideration,

Matthew
