

Submitter: Kathleen Sitton

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: HB4088

Respectfully Oppose HB4088

This is an impediment to the rights of anyone seeking the care and services of this bill. No one under the age of 18 should receive any such services, care, information or advice without the EXPRESS permission, consent or presence of a parent or guardian. The state has no right, authority or permission to override, legislate or remove the authority of a minor person's parent or guardian. Oregon should not place itself above the authority of any other state, municipality, country or government with its laws concerning minor persons. The medical, Healthcare activities enumerated should not be allowed in this state. These actions, activities, information should not be permitted, especially in view of current studies, research, information currently approved by the best science and medical information available. Minor persons do not have the cognitive abilities to make decisions for their own bodies. STOP HARMING CHILDREN!
