Measure, Appointment or Topic: SB1586

Out of the 30+ barbers and stylists we employ in Oregon, nearly all have spoken about the real and immediate impact recent job losses have had on their income and tips. With the state losing more than 9,000 jobs over the past year, working families in our community are feeling it firsthand — and so are the small businesses that serve them.

We are grateful to Senator Sollman for listening to her constituents and bringing forth the JOBS Act to provide meaningful economic relief. As a business owner, I am grateful for the support of our district and across the state to support economic growth.
