Measure, Appointment or Topic: SB1538

I oppose this as a family of immigrant; school should comply with federal immigration issues and help immigration officers with the job they are doing. This is discriminatory for immigrant families that were here legally and understands the process. Now this is taking away time from educating children on issues that matters the most in the education system here in Oregon. For an example, bringing back graduation standards and requirements, genuine education that can help the proficiency ranking nationwide, disciplinary action for students and teachers to hold accountable for negative behaviors, and so much more. This bill defends ILLEGAL BEHAVIOR and lays responsibility on our education system for protecting ILLEGAL BEHAVIOR.
