Measure, Appointment or SB1548  
Topic:

My name is Allen Eager, and I oppose this bill, SB1548. It is a gross over reach of governmental control, and does nothing to help protect children for the general public. It will create an unnecessary need for extra plastic packaging, and will potentially allow for more child endangerment by having so many small packages that can be miss Construed for real candy. With a similar logic, you should require all alcoholic beverage stores to stop selling large bottles of alcohol, there should only be pints or even shots of alcohol sold. This is another attack on a safe and legal substance that has no history of poisoning or death.
