I am writing in support of SB 1590 and the idea that public lands should remain for all members of the public. These lands along with our own state lands are the greatest asset of the people of Oregon. We should do everything in our power to ensure that they are not sold out of the public trust. As moneyed private interests seek to acquire any large plots of land for their own use, denying it from the people we the people should deny them any opportunity to do so.

I respectfully ask that you support the bill to protect our public lands.

Thank you for your time
