Measure, Appointment or Topic: HB4079

Hello! I am Rachelle and I reside in Cave Junction. I oppose of this being that this harms children more than this being about them fearing immigration officers. My in-laws are immigrants who came here legally and morally, and they do not align with these ideologies of harboring illegal immigrants while putting the lives of many in danger by defying immigration officers, when the solution is really simple: Comply with federal investigations in removing illegal immigrants from communities.
