

Submitter: June Saragosa  
On Behalf Of: Lori Recio  
Committee: Senate Committee On Education  
Measure, Appointment or Topic: HB4079

To the chair, vice-chair and members of the committee. I am Lori Recio and been living in Cave Junction for 8 years now and I deeply oppose this bill. June Saragosa is my daughter-in-law and she's from a family of immigrants who severely oppose what this bill stands for. The intentions may be good, but going through this bill there is no 100% guaranteeing the safety of students and teachers. In higher education institutions there is a possibility of higher number of lives lost than trying to accomplish your intentions which are to keep students safe and have them come to school without fear. This is not about abolishing Immigration officers or supporting immigration officers. This is about the safety of children. We pray and hope that you take our testimonies into consideration.
