On Behalf Of: Easter Fuifatu
Committee: Senate Committee On Education
Measure, Appointment or Topic: HB4079

Chair Frederick, Vice-chair Webber, and members of the committee, my name is Easter Fuifatu and I live in Tualatin. I am the sister to June Saragosa that testified on our behalf during the public hearing where Senator Frederick disagrees with her reasonings as to why she opposes of this bill. I severely oppose of this bill. I cannot begin to fathom how that you say you are all about the safety of children and have them attend school without fear, yet you as elected officials do not even understand the deep meaning of what will and could possibly happen if this bill goes through. You are now inviting illegal criminal immigrant to seek shelter in school grounds. There is no guarantee where immigration officers will handle such matters delicately and stop for those staff members to follow their procedures. Federal investigation supersedes anything local and state. Get of your high horse thinking that you are doing good in wanting to pass this. Think with your brains and not your rear ends. Because bill screams "LIVES LOST" and "NO CHILD WILL BE SAFE FROM ILLEGAL IMMIGRANTS AND IMMIGRATION OFFICERS WHEN PUSH COMES TO SHOVE!"
