Legislators;

I am opposed to owning the Moda center as a government entity. You have already been telling the public you don't have funding for ODOT and want to raise taxes. You have been telling us you don't have enough money and want to steal at least half of our kicker. If you have money to purchase and maintain the Moda Center then you don't need to raise taxes on us for gas, kicker or anything else.

Respectfully please vote no.
