

Submitter: Scott McClure

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1501

Thank you for listening and making changes to this bill. More changes are needed:

- * Add private capital commitments from ownership
- * Add revenue sharing to the General Fund
- * Extend oversight for the entire life of the deal
- * Remove the provision that allows the Blazers to sue the public

The team was never going to leave. Now that this fact is obvious, it's time to negotiate. Don't let billionaires hold the city and state hostage.
