I support this bill. We need tools to defend against the current overreach and assault on our immigrant communities. Schools need to be safe for our children so they can focus on learning. I have 2 young children, one of whom currently in elementary school and another who will soon be entering preschool and I worry about the psychological impact an immigration raid will have on them, as well as the potential for disruption from seizing their classmates or the danger from having a pick-up or drop-off disrupted.
