

Submitter: Susan Foreman
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure, Appointment or Topic: HB4111

Please Support HB 4111 A

I live on the South Coast and care about impact of this bill on families in our rural community. Immigrants are facing increased discrimination and racial profiling; creating an environment that discourages them from seeking employment even though our the local economy lacks workers. The bill will improve this situation by strengthening state protections against racial profiling, discrimination, abuse, retaliation, and the misuse of personal data.
