

Submitter: Hailey Janes

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

More money going to the management of wildlife and supporting wildlife centers can greatly benefit those who are most affected by wildlife reintroduction such as wolf reintroduction causing increased livestock predations for farmers and ranchers. More funding to wildlife centers will improve public outreach and public education on wildlife issues that are often unaccessible and can continue to support nonprofit wildlife rehabilitation.
