On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

My name is Traci Engel and I live in Bend, Oregon. I moved to Oregon in 2001 from Southern California to raise my children. They had a beautiful childhood living here, and we had countless experiences with wildlife and marveling at the best nature offered us. I would hate to see other children growing up in Oregon lose out on this joy. The best part of living in Bend, and the State of Oregon is how close humans and nature/wildlife exists. Please preserve our lifestyle and continue the appreciation for it by passing this measure.

I would hate to see Oregon, and Bend become another concrete jungle with no wildlife.
