

Submitter: Sandra Chisholm

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

Oregon is a unique place. We are committed to environmental progress. During these challenging times we have been able to protect ourselves and our state. The current political situation will change and we need to stand up for what we believe in. Protecting our state, people and wildlife are investments that require a little investment now that will show significant rewards in the long term.

Things will improve and we need to prepare and protect.
