Support for HB 4134

I urge you to support HB 4134, the “1.25% for Wildlife” bill, which will provide essential funding to protect and restore our state’s wildlife habitats. By dedicating a small percentage of public funds, we can ensure a healthier, more sustainable environment for both current and future generations. This investment is vital to preserving biodiversity and promoting outdoor recreation opportunities throughout our communities. Tourists and locals alike enjoy our wildlife, and I would be happy if a portion of my hotel tax went to support the causes I care deeply about. Thank you for considering my viewpoint.
