Measure, Appointment or Topic: HB4134

Let's make Oregon a national leader by helping wildlife thrive! Our state reputation is built on the outdoors, and all the natural treasures Oregon's environment offers. From the Oregon Coast to high deserts to our beautiful streams and rivers, that reputation is the reason our tourism industry is strong and we can attract visitors throughout the year, not just during certain seasons. Making sure wildlife and the habitats they need to thrive are supported makes good sense for our state and economy.

Please pass the 1.25% for Wildlife bill (HB 4134) which also helps raise money from out of state visitors who ought to be required to kick in a tiny amount when they come to enjoy the bounty Oregon provides. I appreciate your support, for the good of Oregon and its wildlife. Thank you for helping pass HB 4134!!
