Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

Please do not continue selling my state. Stop the disgusting plans of the current administration for the wholesale destruction of our natural resources.

The value of the untouched areas are vastly greater unmolested. The jobs of guides, restaurant workers, gas station employees, motel workers and state park employees (where appropriate) are much more valuable and have the ability to last for decades not the few months exploitation jobs last.

Only a fool chooses a quick buck over long term security.

Thank you, Jon LaBranch
