Measure, Appointment or Topic: HB4134

I am writing to express my support for House Bill 4134 and encourage others to do the same. We have all seen the impacts arising from the lack of long term funding. Piecemeal or one time funding may be a start, but without the benefit of funding over several years, management actions taken to enhance wildlife may never reach their full outcomes. Yes, every tax or fee comes with some level of impact. I believe that most residents of Oregon and many visitors to the state understand the value of wildlife and natural resources and thus would support such a tax.
