

Submitter: Tanya Enders
On Behalf Of: Self and Grandchildren
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: HB4134

Dear Chairman Broadman, Vice Chair McLane and Committee Members:

I have the great good fortune of living in an area where we share the world with a mama bear and her cubs, my favorite deer family of five (and there are others), as well as the ubiquitous turkeys, raccoons, squirrels, a wonderful variety of birds, et al. Having grandchildren just nearly two and four, their grandfather and I strongly believe that they also deserve to grow up and live in a world where we have taken care of our fellow creatures, allowing them the space, food, water, and all they need to thrive in the habitat required to live their lives. We cannot and must not neglect them and our responsibility to them.

We urge you to vote yes! Please help us keep and maintain an environment we can share with our families for the many years to come. Cheers to all!
