Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

I'm writing today in order to document my thoughts on this very important topic. Oregon has a pride of being mindful of others including our beloved creatures. In the past we have forcefully strengthened our commitment towards our beautiful state and why we choose to advocate for our natural resources. Time is now for future generations of caretakers, give them the tools they require and deserve for these beliefs honoring all. This should get done.. just get it done. Thank you for your consideration
