Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

My name is John Thaw. I'm 82 years old and a life-long birdwatcher. I've lived in Corvallis for almost 25 years now and have traveled with my family to all parts of Oregon. Oregon is blessed with wonderful natural areas and open spaces. Population growth and climate change both put pressure on our biodiversity. HB 4134 is critically important for alleviating some of the pending damage. Please, delay no longer.
