Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

HB 4134 is historic legislation that would protect our wildlife, safeguard communities, and strengthen our tourism economy that depends on a healthy environment, without increasing my cost of living. As a traveler across Oregon, I support HB 4134 and would gladly pay a few dollars more on my hotel bill to protect Oregon's natural legacy.

One of the main reasons I live in Oregon is for the history and legacy of protecting our natural resources. I am an avid outdoor adventurer. My visitor friends and family note our states natural beauty and wildlife as top reasons for visiting.
