Measure, Appointment or Topic: HB4134

I am writing in support of HB4134. Without adding to the tax burdens of Oregonians, this bill would secure long term funding for the habitats and creatures the are a cornerstone to our State's unique identity. Oregon can demonstrate leadership in mitigating wildfire risk while protecting the diverse animals and habitats that are important to both our heritage and our future. And our beautiful outdoors contribute notably to our State's GDP, business income, and jobs, continuing to attract tourists from around the world.

Spending time in Oregon's high deserts, forests, and mountains has been an important and meaningful part of my life. Thank you for your consideration.
