Measure, Appointment or Topic: HB4134

I write to strongly encourage the passage of HB 4134 to provide crucial funding to help recover and protect Oregon's unique and threatened fish, wildlife, and habitats. Oregonians, myself included, love the wild lands around us, and wish them to be preserved, for the health of our earth, for beauty and recreation, and for the health of the humans who live here too. Likewise all the tourists who come here to enjoy it all. Oregon's wild lands are our natural heritage, deserving of respect and resources to ensure they are preserved. Thank you.
