Measure, Appointment or Topic: HB4134

I am writing in support of HB 4134. As an ecologist, our natural environment is facing threats from multiple fronts. Oregon has a list of over 300 vulnerable species that require intervention. HB 4134 will be the critical investment we need to conserve and restore the habitat these species rely upon, while also supporting Oregonians' livelihoods, outdoor recreation, and quality of life. Communities in Oregon, especially our rural communities, rely on thriving, healthy environments that support our native wildlife.
