I encourage you to support HB 4134. Oregon's unique beauty should be supported and maintained not only for ourselves but for future generations. Securing long-term dedicated funding to recover our most vulnerable fish, wildlife, and habitats, is strongly supported by a majority of Oregonians. I urge you to support this landmark bill, which would not only dedicate long-term funding to recover Oregon's most vulnerable fish, wildlife and habitats, but would ensure the future of our tourism economy! Critical for our economy. Remember, Oregon's robust outdoor tourism economy makes up 2.6% of the state's GDP AND supports 192,000 jobs AND brings in \$16 billion in consumer spending. Investing in these resources now will continue to generate more economic opportunities for Oregon's communities in the future. Invest in our State by supporting HB 4134.
