Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: HB4134

My wife Lori and I regularly recreate in central and eastern Oregon's 'high desert' country, visiting from our home 'just across the border' in Yakima Washington. My brother, Martin Pitchford and his wife Lynelle Littke, who live in Salem Oregon, also regularly travel to central and eastern Oregon to recreate, a place they love. We all absolutely love the natural communities, like shrub-steppe habitats, desert canyons and mountains, etc., and the wildlife we find there. We also enjoy the people who reside in central and eastern Oregon. We camp and stay at lodging facilities; we eat at restaurants; we buy gasoline for our cars; and we gladly spend our money to support the economy of the area. HB 4134 will help to protect and conserve Oregon's proud and wonderful natural heritage. Protecting healthy ecosystems will ensure a strong tourism economy for Oregon. HB 4134 will do that, and we support enactment of HB 4134. Thank you!
