Measure, Appointment or Topic: HB4134

My love of Oregon is deeply connected to our natural environment, and I know this is not unusual. We live in a beautiful state from the coastal rainforests to the river valleys to the mountains to high dessert. With climate change, and especially with increasingly damaging wildfires, we need a dedicated fund to protect our wildlife diversity. Basing this fund on a a modest increase to our state lodging tax is appropriate because it aligns with what brings so many tourists to our state. I ask you to support HB 4134.
