

Submitter: Karen Martinez

On Behalf Of:

Committee: House Committee On Health Care

Measure, Appointment or Topic: SB1598

No on SB1598 for the following reasons:

A single, unelected official should not be following the dictates of organizations such as the American Academy of Pediatrics who get their funding from vaccine manufacturers. This is a conflict of interest! This is too much authority for one person to have, especially, someone who is more politically directed.

The vaccine manufacturers dictate the high price of vaccines to line their pockets and families foot the bill in the ever increasing cost of insurance.

The words "may not" must be replaced by "shall not" to prevent loophole language.
