Dear chair and finance committee members,  
I'm writing to support HB4134. For me the protection of wildlife habitat is a fundamental issue. Not only do I enjoy nature by fishing and hiking, but I also feel that it is our state's responsibility to protect the environment we live in and rely upon. This bill does these things in a sustainable way and at a reasonable cost. The enjoyment of nature is a big reason I live in Oregon, and I want to preserve it.
