Measure, Appointment or Topic: HB4134

There is much that local, county, and whole regions can do to work for preservation of a healthy environment for all living beings.

After all, that's what makes our living places balanced, productive, and healthy...

Given the state of the US Government's lack of function and inability to move forward in addressing these environmental concerns. this

bill before us in the Pacific NW, must take on the pressing work and pass the current HB 4134 Bill. .

Thank you for you consistent work .
