

Submitter: Jane Swart

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

We live in a town and region that continues to grow in human population and building development which pushes out native animals from their habitat and displace them. These animals are getting injured when crossing a street, flying into buildings, ingesting lead, etc. The list is long and the support is short. Please support this bill so organizations like Think Wild can have the means to rehabilitate and release these animals back into the wild. Thank you
