

Submitter: Sheila Thompson

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1501

Oregon is asking and trying to put all kinds of new fees and taxes in place because supposedly there is a short fall. If we have no money owning and operating the Moda center should not even be an option. Tax dollars should never be spent on private projects, the Moda center is a Portland thing and does not help the people of Oregon in any fashion. Government has no business in private business ownership. Please vote NO on this bill that doesn't help Oregonians. If the tax dollars are spent on flagrant items such as this, you have no business asking Oregonians to pay more fees and taxes.
