On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

As an Oregon resident who frequently travels and pays for lodging throughout the state, I am in support of HB4134.

It makes good sense for invasive weed control and fire resilience also. Not to mention the benefits to salmon populations which are in great need of all the help we can give them. I also have seen the success of wildlife passages in other states. These truly do work to prevent collisions and allow safe routes for our numerous species.

Please consider the bipartisan support politically. As well as coalitions of hunters, fishers, and wildlife conservation groups all in favor of passing this needed bill.

Please vote to pass HB4134.

Thank you.
