Committee: Senate Committee On Education
Measure, Appointment or Topic: HB4079

Chair Hudson and all the members of the House Committee on Education

My name is Jennifer Chiders, and I am a student at MHCC. I live in Gresham, and I am a student, parent, grandparent, and community leader. I am writing in strong support of HB 4079. As a college student, I balance school, responsibilities, and planning for my future. I believe schools should be safe spaces where students can learn and build connections. Parents should feel safe sending their children to school, and it is important that learning takes place in an environment as free of stress as possible for students to be successful. As a community member and leader, I have already seen far too much fear and uncertainty regarding possible ICE activity on campus. I am in favor of this bill.

Thank you for your time and consideration.

Sincerely,
Jennifer Chiders
MHCC Student
