Measure, Appointment or Topic: HB4134

Our wildlife and forests are under an increasing stress of changing climate and wildfires. Both are in need of help, which this bill will provide.

Wellbeing of the forest is going to benefit our human population as well, especially in the form of clean drinking water. Water quality is decreasing due to recent fires erosion and clear-cuts.

As a resident of Oakridge I am concerned about these issues and I am urging you to support this bill .

Thank you for your consideration.
